## Six Arrested in Drug Sales Sting

**It is so good to have the staffing to bring back our Neighborhood Enforcement Team. The team is making an impact and paying dividends with their hard work!**

**On Friday last week our team was back at it. This time conducting a drug sales sting. Their efforts resulted in the arrest of six people for selling methamphetamine to undercover officers.**

**Here is what we did:**

**Posing as buyers, our officers focused on the Harvey West area and the top of Ocean Street. Officers purchased various quantities of methamphetamine from street level sellers in these areas. Sometime after the deal was done, arrest teams swooped in and arrested the sellers.**

**Here are the arrestees:**

**Kevin Jones, 42 years – County resident, a felony probationer. Mr Jones sold us methamphetamine at Harvey West Park**
